Sermon Subject Announced at Christ Church

The Lesson-Sermon in the Churches of Christ, Scientist, on Sunday will discuss the nature of the opposite of Spirit, God, and contrast it with the substance of Spirit. The subject is "Matter." The theme is keyed by the Golden Text taken from the first epistle of the beloved apostle, John, "All that is in the world, the lust of the flesh, and the lust of the eyes, and the pride of life, is not of the Father, but is of the world" (2:16).

A Bible reference in the sermon quotes Isaiah, "All flesh is grass, and all the goodliness thereof is as the flower of the field: . . . The grass withereth, the flower fadeth: but the word of our God shall stand for ever" (40:8).

This passage is correlated with a statement by Mary Baker Eddy from "Science and Health with Key to the Scriptures," "Spirit, God, has created all in and of Himself. Spirit never created matter. There is nothing in Spirit out of which matter could be made, for, as the Bible declares, without the Logos, the Aeon Word of God, 'was not anything made that was made'" (p. 335).
